THE CLUB IS BACK!!

I have been asked many times by some of our members about the existence of our Club: Under Water Bubbles Scuba Diving Club since no one had paid a membership fee last year. However, we had a day trip to Brockville in July and 2 dive trips to Grand Cayman in June and November last year. I am proud to see our members continue to wear our UWB Tees go travel around the world to leave bubbles under water.

YES the club is back. We need your support to organize activities, to write stories of your dive travel experiences and be an active member of our first ever Chinese Scuba Diving Club in Toronto, Under Water Bubbles Scuba Diving Club.

[Fill out the attached form to renew your membership](#) and you will receive a DAN mat. A DAN mat is a 3 feet x 6 feet gear mat with a big DAN (Divers Alert

Network) logo. When you go shore diving, you will want to bring along a DAN mat. Stand on it while gearing up/down to keep the dirt away from your equipment.

As before, our Club will continue to offer **FREE** DAN DES training and renewal to our members. You will only pay for your materials. For those who had already taken advantage of our free DAN DES training last time, you will come back for your renewal with absolutely no cost to you. Besides, starting this season on, our Club will also offer **FREE** EFR training to our members. If you've never taken EFR before or your EFR has expired, you are welcome to join us for an EFR training course. The course is **FREE** to our members however you will be responsible for your own EFR material and registration. If you have friends or families who want to take First Aid and CPR, bring them along to one of our EFR course, it will only cost them \$125.00 plus tax which include EFR material and EFR registration. Check out our website or this newsletter for the next DAN DES and EFR course offered.

Your support being a member of our club is very important. If you know people who wants to learn to dive or diver who wants to go dive travel around the world, (remember our club's mission statement) pass them along with this newsletter, ask them to fill out the membership form, join us as a member. We always welcome new blood to our Club.

PRESIDENT'S NOTE

After a yearlong hibernation, I do miss our club. I wish I had spent more time diving with our club members last year.

I think it will be fun if all of us could come out to all our activities. Just thinking of this, I want to have club event regularly to share our diving experiences: good, bad or fun. Of course, I will need support of you to participate, to organize, to teach, and to be taught.....(never stop learning, right?)

I am planning for the coming year will be an Ice Diver Course, DAN DES Course, EFR Course, 3 Dive Travels, a trip to Toby, a trip to Brockville and of course the Dive Against Debris aka Beach Cleanup Day. I am hoping to see all members participate to all of the above.

I want to hear from you: where to dive; what to do; what continue education diving course you want to take..... All suggestions are welcomed.

Until then, happy and safe bubbling. ☺
